## 2015 ACAP Conference

# 2015 ACAP Confer

**Tim Holthoff, Court Information Systems (CIS) Director, welcomes conference attendees and introduces Diane Robinson.**

The second annual Arkansas Court Automation Projects (ACAP) Systems Conference was held at the Marriot in Little Rock. The conference provided an opportunity for court users of AOC systems, including Contexte, CourtConnect, eFlex, Juror, and MyJuryInfo, to learn more about the systems and their experiences with the AOC and other users.

The conference opened with a keynote address from Dr. Diane Robinson, Director of AOC and Justice Statistics, entitled, "Data Quality is Everyone's Job." Other sessions included Fee Collection; Funds; What's Next in Jury Management?; Are You CourtConnected?; The Road to the Digital Court; Quality = eQuality, and many others. The software lab was open during the entire duration of the conference to answer questions and give hands-on instruction to users.
