Re: Court Security Vendor List

Date: 4/1/24

---

The Supreme Court Committee on Security and Emergency Preparedness receives requests for a “security vendor list” from time to time. To assist cities and counties find vendors to supply local security needs, we have reviewed the previous three years of grant applications and compiled a list of vendors who appear in the applications as vendors who supply goods and services. The Committee does not warranty, guarantee, recommend, or endorse any of these entities or the goods and services they provide. This list is simply a compilation of vendors who have appeared in past applications. None of the entities listed herein have been contacted or examined by the Committee. They have not requested to be placed on this list and only entities that have appeared in applications appear here. This list is for informational purposes only and should not be construed as a list of “preferred vendors.” Any use of their goods or services will not advance an applicant’s chances to receive funding in any way.

If you have questions about this list or need further information, please contact Pete Hollingsworth directly at (501) 410-1938 or [pete.hollingsworth@arcourts.gov](mailto:pete.hollingsworth@arcourts.gov).
