

Arkansas Search ARCourts

It provides online access to many public Arkansas Circuit and State District court records and documents.

<https://caseinfo.arcourts.gov>

Tip: When using a Mac computer, iPhone or other Apple product it will require you to allow pop-ups in the settings.

There are search options available to help users access court records, case participants, and case documents:

- **Case Search** allows users to search for court cases by case number, or Citation number. It also provides access to case Docket Entries and the public documents available online in each case.
 - Detail  are additional search fields to use when searching by case to narrow the results.
 - Start/End Date Range
 - Case Type
 - County Name
 - Searches for all court cases within that county
 - Court Location
 - Searches for court cases within a specific court
- **Participants Search** allows users to search by a Person name, Organization name or a Case Description. Click the drop-down arrow next to Cases to get the Participants search options.
 - First/Middle/Last Name
 - First/Last Name search
 - 1-2 characters will be an exact name search
 - 3 or more characters will be an exact or partial search
 - The search will also return alias names
 - Middle Name
 - 1 character will return all middle names that includes that character

- Organization or Case Description
 - The organization must be entered exactly as it was added on the case
 - You can also enter 1-2 key organization words in the Last Name field
-  The Detail button provides additional search fields to use when searching by Participant.
 - Date of Birth (MM/DD/YYYY)
 - Driver's License Number
 - Must be added by the court, and associated to the participant party on the case.
 - County Name
 - Search for all results for a Participants on court cases within that county
 - Court Location
 - Search for Participant information in a specific court

Tip: Organization searches may also be done by entering a primary word in the organization name in the Last Name field.

- **Managing Search Results**

- Column sorting, filtering and sizing.
 - Column headings are manageable depending on your search.
 - Sorting by column; Hoover over the column heading for the Sort arrow.
 - Filtering by column; enter the filter criteria below the column heading
 - Sizing by column; to the right of the column heading, you will see a faint gray line that can be used to change the size of the column to view the column contents. Place your mouse on the gray line, when you get the double-sided arrow, press the left mouse button and slide the line to the right and release the mouse button.
- **Rows per page view**
 - The default is 25 rows per page
 - Changing view to 50 or 100 rows per page
 - Scroll to the last row on the page, click the down arrow beside Rows per page, and select the 50 or 100 to change the view.
 - Use the arrows to move page to page when more than one page of results is returned.
