SUPPLEMENTAL AND EMERGENCY PROCEEDINGS

It is preferable for the judge assigned to a case to handle all proceedings pertaining to that case. With the Courts being mindful of the following provisions:

- a. **Uncontested Matters:** The judges of each division shall preside over uncontested matters when presented.
- b. **Emergency and Ex Parte Orders:** Emergency and Ex Parte Orders shall be presented to and heard by the judge assigned unless that judge is unavailable.
- c. **Probation Revocation:** Probation Revocations shall be assigned to the division that sentenced the Defendant, unless prohibited by time limitation, or that division is no longer hearing those cases.
- d. **Reopening of Cases:** Cases that are reopened shall be assigned to the judge who originally presided over the matter. In the event the original judge is no longer serving as a judge, or the original judge is no longer assigned cases of that nature then the case shall be randomly re-assigned pursuant to the current docket agreement.
- e. **Exchange:** All Judges may sit on exchange when necessary for judicial economy.
- f. **Assignment of Cases:** Assignment according to the plan does not negate the authority of each judge to hear all types of cases when appropriate.
- g. **Conflicts:** Each division shall accept transfer assignments on rotating bases from other divisions in cases where a judge has a conflict with a case. The clerk shall make adjustments in the software for the judges involved in the exchange.
- h. **Reassignment of Cases:** If any Judge who is a party to this agreement leaves the bench the most senior judge remaining shall have the option to assume the parting Judge's docket which shall occur when the Administrative Plan is revised or if there is no appointment to fill that position.
- i. Upon approval of this Administrative Plan by the Arkansas Supreme Court the Clerk shall commence filing all criminal cases in Faulkner County in Third Division.
- j. **Unavailable Judge** – In the event any Judge is, for whatever reason, temporarily unavailable to cover their docket and no other Circuit Judge is available to handle those matters, the Judge who is temporarily unavailable may execute an order allowing one of the State District Court Judges to sit in their place. In these situations, the order shall specify the dates the State District Court Judge will be so empowered and shall also contain the signature of the State District Court Judge reflecting that they consent to the appointment.

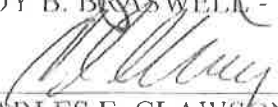

The undersigned submitted this Plan based upon the directives of Administrative Order No. 14 after taking into consideration the interest of the judges involved and after seeking an equitable and agreeable division of the caseload.

SUBMITTED THIS 15th DAY OF July, 2019.

The undersigned acknowledges that they have participated in the preparation of this Administrative Plan and are fully aware of its provisions:

20th Judicial District Juvenile Drug Court Program

The 20th Judicial District Juvenile Drug Court (JDC) is a post-adjudication program that serves medium to high risk youths between the ages of 14 and 17, excluding violent offenders and sex offenders. The 20th JDC is a four-phase drug treatment program, typically not to exceed a year. Participants' treatment needs are assessed by the coordinator and treatment staff, upon referral to the program and throughout the program based on the changing circumstances and compliance with court orders. Incentives and sanctions are issued by the circuit judge based upon the participant's program compliance through the treatment phases. Intensive supervision is provided by juvenile probation staff and the juvenile drug court coordinator. Participants receive at least monthly court reviews.

The 20th JDC program, policies, and practices are in compliance with A.C.A. § 16-98-303(a) and A.C.A. § 16-10-139(a) and all applicable laws involving the assessment of juvenile court costs and probation services fees, including A.C.A § 9-27-367. MEMORANDUM OF UNDERSTANDING AND STATEMENT OF INTENT: Faulkner
County Domestic Violence Collaborative Court Program

In recognition of, and in response to, Domestic Violence, and the terrible effects it has on our community, the Fifth Division of the Faulkner County Circuit Court, and the First Division of Faulkner County District Court effective July 1, 2017, will establish in Faulkner County, the Faulkner County Domestic Violence Collaborative Court Program.

The purposes of the Program will be:

- i) To reduce the impact on the victims of Domestic Violence in Faulkner County,
- ii) To protect the rights of those accused of domestic violence,
- iii) To provide appropriate services to victims, and those accused of domestic violence,
- iv) To maximize the return on assets already in place by changes in procedures, and thereby increase the delivery of services with no initial additional expenditures,
- v) To increase the confidence of the community in actions of the Courts related to domestic violence by decreases in delays, increased consistency in rulings on the law and procedure, improved record keeping, and increased transparency thereby,

It is believed that these goals can be achieved by a collaborative process between the participants in the Project, and the two Courts.

Community oriented, collaborative efforts against domestic violence have been shown to be extremely effective in reducing the incidence of domestic violence. The involvement of the various stakeholders in the Project will increase access to the spectrum of resources potentially available to those involved in the system. A petitioner or a respondent in an ODP case is better served if the providers of counseling services, shelter services, medical services, and all the other participants in the Program know each other, talk to each other, and to the extent allowable by law, share relevant information. This collaboration also sends a strong message to the community that domestic violence is unacceptable.

Those who have expressed intent to participate in the Project, and who have submitted Letters of Intent, or have them in process, are:

Fifth Division Circuit Court of Faulkner County

First Division District Court of Faulkner County

Faulkner County Prosecuting Attorney

Conway City Attorney

Women's Shelter of Central Arkansas

Faulkner County Court

City of Conway

Faulkner County Sheriff's Office

Conway Police Department

Conway Regional Medical Center (pending)

Counseling Associates (pending)

Conway Counseling (Pending)

The main elements of the Project will be:

1. Sharing of Criminal and Civil OOP docket sheets and information between the two participating Courts,
2. The establishment of Specialty Domestic Violence dockets in each Court and regularly scheduled days for domestic violence cases,
3. Adding a safe room (a Circuit Court Room that will not be in use on DV days) in Circuit Court where Petitioners and victims can wait separately from those accused of domestic violence,
4. Additional court room security personnel to staff the safe room,
5. Court Advocates provided by Central Arkansas Women's Shelter to accompany petitioners in OOP cases and help them find where they need to be, understand Court security procedures, and generally assist them in moving within the Court system,
6. Increased use of batterer's treatment programs and other counseling measures, as indicated by individual cases,
7. Regular staffings between the two participating Courts and other participants/stakeholders in the Program as indicated,
8. Increased provision made for communication with Spanish speaking populations,

One thing that is to be done differently by the Courts is their communication with one another. Sharing docket records will facilitate the Circuit Court, for instance, becoming aware of a possible misdemeanor criminal proceeding in District Court, allowing not only appropriate scheduling actions by the Circuit Court, but protecting the rights of any accused. This sharing will be facilitated by regular meetings between the Courts and personnel where procedures and problems can be identified and addressed.

Increased use of language resources provided through the State of Arkansas, including the possibility of interpreters, and some Spanish language forms, will facilitate the access of services by the Spanish speaking population, thereby increasing safety for a particularly "at risk" group.

Increased use and coordination of treatment programs will raise the level of offender accountability, and will reduce the incidence of repeat cases.

The institution of such "wrap around" Courts (Courts that alone, or in collaboration with others, hear ALL domestic violence related cases, Civil Orders of Protection, Violations of those Orders, both civil and criminal, Felony cases identified by statute as relating to domestic violence, as well as misdemeanor violations of those statutes-naturally specific practices are to be observed which protect the rights of any accused convicted in District Court, who appeals their case to the Circuit Court, and there receives a trial De Novo) have been proven to reduce the incidence of domestic violence in the areas that they operate.
